

SORENTO

Drive from Within

A magnificent reflection of your life's journey, splashed with the magic of unwavering spirits, Kia Sorento is designed for those who have gone the extra mile and surfed the wave of time with head-turning class and boldness. For all the times you have conquered the odds when everyone had their doubts, there is a ride for you that brings out the drive from within and takes you forward in life with an unmatched poise and confidence.

Here begins the journey of elegance and irrefutable class

The new KIA Sorento is a sophisticated blend of off-road agility, on-road sophistication and unparalleled refinement. With its exceptional performance, welcoming interior and robust suspension, explore every corner of the world with extreme comfort and ease.

Specifications may vary according to region.

Specifications may vary according to region.

Stay in power,
with poise and finesse

The Sorento harbors a fierce V6 engine ready to pounce, wrapped in exquisite sophistication and class, that only comes from within.

Specifications may vary according to region.

Equipped to get you right where you want to be

Conquer every corner of the world by travelling in an atmosphere of exclusive luxury and comfort that makes hundreds of miles a soothing blur. Before you know it, you are already there.

An ode to unmatched comfort and style

From the moment you open the door and settle behind the wheel, the Sorento's incredible interior captivates you in a sudden awe of its sheer magnificence. From the well sculpted doors to the front safety moldings, everything within spells comfort, excellence, superiority and elegance.

Specifications may vary according to region.

Being in power has never been this rewarding

The floor console harbors a simple and comfortable design, giving you ample power without cluttering your surroundings. Now you can stay firmly in control thanks to the 6-Speed or 8-Speed automatic transmission that seamlessly transitions the power, making it an effortless drive.

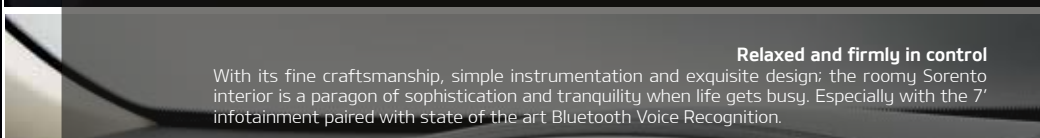

3.5" TFT-LCD supervision cluster

A high-visibility display in the center gauge reports outside temperature, audio information, distance to empty, fuel consumption and much more.

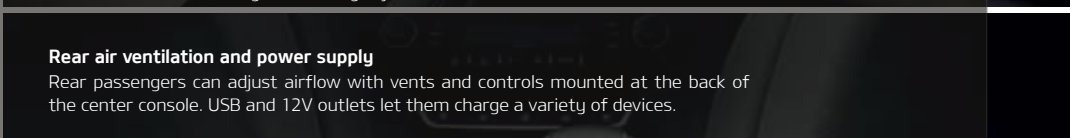

Satin chrome finish

A Luxurious, satin chrome finish graces the inner door handles, air vent surrounds and other interior design features. The raised vents echo the finish of the dials and their knurled control knobs let you smoothly adjust direction and airflow.

Relaxed and firmly in control

With its fine craftsmanship, simple instrumentation and exquisite design, the roomy Sorento interior is a paragon of sophistication and tranquility when life gets busy. Especially with the 7" infotainment paired with state of the art Bluetooth Voice Recognition.

Rear air ventilation and power supply

Rear passengers can adjust airflow with vents and controls mounted at the back of the center console. USB and 12V outlets let them charge a variety of devices.

Specifications may vary according to region.

Settle into the comfort that reminds you of home

The Sorento interior offers a high standard of comfort and luxury in its finely crafted premium leather seats. A dual-pane Panorama sunroof adds a new dimension to the inner atmosphere. The 2nd row seats auto-fold and slide 270 mm to let rearmost occupants in and out without any hassle, while the 3rd row seats split and fold 50:50.

The power you desire and the efficiency you respect

The petrol engines available on the Sorento offer unparalleled torque for a smooth and comfortable drive, while its impressive fuel economy is ingeniously aided by precise transmissions that balances the car's power and efficiency. So whether you're in town or out on the open road, it's time for you to cruise with ease.

Theta II
2.4L
MPI Engine

Max. power
172
ps @ 6,000 rpm

A close-up, high-angle shot of a car's engine cover. The cover is primarily black with a prominent silver-colored section in the center. The silver section has a vertical slot and is flanked by two black sections with a mesh-like texture. The letters 'V6' are embossed in silver on the black surface below the silver section. The background is dark and out of focus, showing parts of the engine and other mechanical components.

Lambda II
3.5L
MPI Engine

All the power you
need on the road

Once you start the engine, you are thrust into a world of fluidity and seamlessness that adds comfort and unparalleled engine performance. When the engine roars and the car picks up speed, shifting through gears becomes an art.

Max. power
280
ps @ 6,300 rpm

Experience precise control of every wheel

An innovative, continuously active All-Wheel Drive (AWD)* coupling system enables the Sorento to maintain the utmost traction on rough, loose or slippery surfaces, and helps improve the lateral stability when cutting a corner.

DYNAMAX AWD

True AWD. Continuously thinking forward.

Dynamax™ AWD Coupling The intelligent Dynamax All-Wheel-Drive (AWD) system, developed in conjunction with Magna Powertrain, continuously monitors driving conditions and anticipates AWD system requirements, sending torque to the wheels that have traction. The system also adds stability in corners, helps eliminate unintended over- and understeer by reducing unwanted traction forces at the front and rear axle, and helps reduce fuel consumption and emissions.

*Features may be available in selective variants.

Specifications may vary according to region.

Technology that makes it all seem effortless

Everyday the road can present new challenges. The Sorento is engineered to use its own reflexes to keep you in control when challenging terrains, steep inclines, and twisting roads put you to the test.

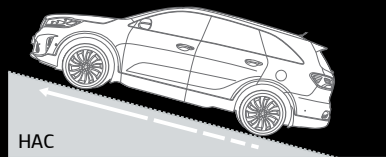

Column Motor-Driven Power Steering (C-MDPS)

A firm, solid feel and unprecedented steering response are simultaneously achieved with the C-MDPS.

Hill-Start Assist Control (HAC)

HAC prevents the vehicle from rolling backward when at a standstill on an incline by gently applying the brakes for up to two seconds while you move your foot from the brake pedal to the accelerator.

VSM

Vehicle Stability Management (VSM)

The system enhances the directional stability of the vehicle by automatically controlling the MDPS and the brakes on each wheel. In case of braking on a non-homogeneous surface (e.g. right wheel on ice and left wheel on the asphalt), it helps to stabilize the vehicle and maintain the vehicle's path.

Advanced High Strength Steel (AHSS)

The Sorento uses more than 53% Advanced High Strength Steel. This exceptional steel reinforces the front, rear and sides, as well as high stress points throughout the body.

53 % AHSS* used

Upright Rear Shock-Absorber

A more vertically oriented rear shock absorber system helps to control wheel travel on uneven ground and better isolates occupants from bumps.

Rear Sub-Frame

Both, the FWD and the AWD models feature the sturdy rear sub-frame that AWD models are famous for, further improving driving stability.

Tap into superhuman attentiveness

Tapping into the power of the latest sensing technology and intelligent processing, the Sorento helps you stay aware of your position and the movement of the vehicles around you, enhancing your comfort and peace of mind.

■ Front and Rear Parking Sensors

This system using ultrasonic sensors mounted on the front and rear bumpers warns of any obstacles when maneuvering into tight spaces to park safely and confidently.

■ Projection Front-Lighting System

This system enhances on-road visibility during night time driving, aiming the distribution of the beams wherever you go.

■ Cruise Control in Steering Wheel

Set and maintain a constant speed, and simply step on the brake or accelerator when you want to disengage.

■ Rear View Camera with Static Guidelines

Clearly see what's behind you and within your blind spot without having to turn back and look above your shoulder. When reversing the Kia Sorento, the state-of-the-art parking assistance gives you maximum control over your car and saves you from any parking discomfort.

Interior color and trim selection

Black One-Tone Interior

■ Saturn Black Leather

Interior environment in Saturn Black, hydro graphics one-tone dashboard and black leather seat upholstery

Black-Stone Two-Tone Interior

■ Stone Leather

Interior environment in Stone color, hydro graphics two-tone dashboard and Stone color leather seat upholstery

■ Basking in the
views of serenity

A vast panoramic sunroof opens up a world of serenity, by letting you breathe in the fresh views while augmenting the interior comfort by adding more space inside.

There's always room for more

With Sorento's spaciousness and exclusive cargo storage compartment; load, stow, and carry whatever you need, because there is always room for everyone and everything.

Smart Power Tailgate

The rear tailgate opens automatically when the Smart Key is detected nearby for 3 seconds or more, and closes with a simple push of a button.

2nd row seatback lever (7-seater)

2nd Row Seatback Lever

Each side of the cargo area has a remote folding lever for the 2nd row seatbacks.

Cargo Screen Storage Compartment

Stow larger valuables out of view in a separate, partitioned-off space under the optional retractable screen.

Tailgate Memory Function

Opening angles for the tailgate can be stored in memory by pressing and holding a button under the tailgate for 3 seconds.

7 seats for maximum flexibility

Combining impeccable spaciousness with ultimate comfort, the new Sorento offers partial and full folding of rear seat rows, giving you multiple seating and cargo combinations to choose from. Enjoy a perfect balance of passenger comfort and practicality, including convenient loading of long or odd-shaped cargo and leisure equipment so you can travel like never before.

3rd row partially folded

3rd row folded fully flat

3rd row folded fully flat & 2nd row partially folded

Ease of Entry and Exit

The 7-seater SUV enables the 2nd row seat to auto-fold, and slides 270 mm to let rearmost occupants in and out.

Powered Passenger Seat

Hours on the roads feels like minutes when you are settled comfortably in a seat that you can adjust in 8 different ways.

Powered Driver Seat

Settle comfortably behind the wheels by adjusting the seat 10 ways to find your desired level of relaxation. The lumbar support in the driver seat keeps your posture intact and ensures maximum comfort.

We've given the unthinkable quite a bit of thought

Feel protected inside the cabin where you are surrounded by a safety cage design, fortified with ultra-high-tension steel and a 6-airbag SRS system. Thoroughly tested in countless crash simulations and actual collision tests, the Sorento puts occupant safety above all else.

All that and more

The Sorento is well-equipped with a plethora of features, for everyone's comfort and pleasure.

Steering Wheel Audio Controls

With the audio controls at your fingertips, answer calls or maneuver through your playlist without taking your focus off the road.

Wireless Smartphone Charger

Conveniently dock your smartphone on the wireless charging pad below the center fascia and stay connected at all times.

Push Start with Smart Entry

For convenience and safety, you do not have to take the key fob out of your pocket when you are locking or unlocking the door, starting the engine or disengaging the immobilizer.

Electronic Parking Brake

Parking your Sorento could not get any easier. Just engage the parking brake simply by pressing a button.

Electronic Chromic Mirror

The Electronic Chromic Mirror adjusts the high beam reflection on the rear view mirror, so you are shielded from the undue glare coming from behind or adjacent to you, ensuring a safe journey and a pleasant driving experience.

Dual Zone Independent Climate Control

The dual climate control system gives the driver and front passenger separate controls for temperature, making the car atmosphere conducive and comfortable for everyone.

ISO Child Anchors

Keep your child safely and securely seated by strapping their seat to the vehicle using straps from the child safety seat that connect to special metal anchors in the vehicle.

Leather Seats

The ultimate driving experience, caressed by premium quality leather that offers supreme comfort while withstanding daily wear and tear.

4 Drive Modes

Choose Normal, Eco, Sport or Smart mode to suit your preferences. Standard on automatic transmission models.

* Smart mode is only available on 8A/T models.

3rd Row A/C Vent Controls

Stay cool and refreshed in the scorching summer or warm and toasty in the winter, with the 3rd row A/C vent controls, optimizing the temperature for every journey.

Day Time Running Lamp

These LED lights keep running whenever the engine is on and increase the visibility of your cars for other vehicles on the road.

Ice Cube LED Fog Lamps

Achieve outstanding visibility in low lights thanks to the Ice Cube LED Fog Lamps that illuminate your path and keep it clear throughout the journey.

Roof Rack

The integrated roof rack is designed for maximum luggage storage, offering you extra utility.

HMSL Integrated Rear Spoiler

An attractively contoured rear spoiler helps to manage airflow over the rear of the vehicle and incorporates a High Mounted Stop Lamp (HMSL).

LED Tail Lamps and Stop Lamps

LED tail lamps and stop lamps, light up more quickly and lasting longer than conventional bulbs. These energy efficient lamps make sure your path remains illuminated wherever you go.

LED Illuminated Door Step

Bright, low-energy LED lighting illuminates the lower door sill to help you get in and out of the car gracefully at night or in dimly lit parking spaces, adding monumentally to the elegance and comfort of the car.

Movement that inspires

At Kia, we believe movement inspires ideas. Great ideas come to you when you're on the move. Whether you're walking, traveling on a train or driving. It's why we create the spaces and the time you need to bring ideas to life. Very like the experience that awaits you behind the wheel of every Kia. With our design, space innovation, purpose driven technology and built in sustainability, we aim to inspire everytime you encounter the Kia brand. Because you never know where your next big idea awaits. But they are out there. Waiting to be discovered. So, what are you waiting for? Get moving. Get inspired.

About Kia Motor Corporation Limited

Kia Motor Corporation Limited (www.kia.com) – a maker of quality vehicles for the young-at-heart – was founded in 1944 and is Korea's oldest manufacturer of motor vehicles. It produces over 3 million vehicles annually through 10 manufacturing and assembly operations located in 5 countries. These are then sold and serviced through a network of distributors and dealers spanning around 180 countries. Kia currently employs around 50,000 people worldwide and has annual revenues exceeding US\$44 billion. It is the major sponsor of the Australian Open and serves FIFA, the governing body of the FIFA World Cup™ as official automotive partner. Lucky Motors Corporation's brand slogan – "The Power to Surprise" – represents the company's global commitment to surprise the world by providing exciting and inspiring experiences that go beyond expectations.
